Continuation of Substance of Interview including description of the general nature of what was discussed: The examiner initiated the interview to propose amendments to place the case in condition for allowance. It was apparent to the examiner that page 1, line 4 and page 3, lines 4-5 and 13-14 of the specification indicated important aspects of the invention. The examiner proposed the changes to claims 1 and 8 to incorporate these aspects into the claims and thereby place the case in condition for allowance. Stephen J. Stark then authorized the changes to be made by examiner's amendment.
